FruitSmart®'s New Beverage Production Facility

10,000 Sq Ft Freezer

We are excited to announce that FruitSmart® has acquired a large manufacturing facility in Grandview, WA. Our new Grandview plant is 10 minutes from our Prosser, WA facility, creating ideal synergies for our new production capabilities. The Grandview operation includes a 10,000 sq ft freezer; 20,000 sq ft distribution warehouse with five covered loading docks; 400,000 gallons of chilled tank storage; a rail spur; and significant space for manufacturing/processing. We have 128,000 sq ft on 9.5 fenced acres.

Our first project is the installation of a single strength cold-pressed juice line to support some current business. The mechanical systems are being brought on-line, the new floor is complete, and equipment is arriving for

Laboratory

our scheduled fall start-up. If you are in the area, give us a call to schedule a walk through. We are excited about our new capabilities.

If you have any projects that require this type of infrastructure, we would like to discuss your needs. The distribution warehouse and freezer are up and running, and we are working on upgrading some of the processing areas.

We have significant boiler and chilling capacity, and a freeze tunnel that was used to freeze frozen concentrate cans.

Distribution Warehouse Dock

FruitSmart® - Grandview is ideally located to support fruit processing supply distribution, rail car unloading/loading projects, and related storage requirements. We look forward to talking with you about your specific facility requirements.

Please contact Jim Gauley at 509-786-3500 or 509-840-2457 with any questions.

Introducing Cely M. Dailey - Technical Services Manager

The FruitSmart® Team is very pleased to announce the addition of Cely M. Dailey as Technical Services Manager.

Cely brings a tremendous knowledge in fruit processing, juice blending and packaging as well as experience in all aspects of quality assurance and food safety. She has an extensive background in biochemistry and manufacturing with the degree in Bachelor of Science in Chemistry.

Cely began her management career with Continental Flavors & Fragrances and Sanofi Bio-Industries as Quality Control Manager in 1988. In this posi-

tion, she played a key role in the processing of different fruits into concentrates, essence recovery, color and acid reduction, blending and packaging of flavored bases and concentrates. She then served as Technical Services Manager for Washington Frontier Juice, subsidiary of Toshoku LTD, and was later promoted to Director of Operations and Technical Services. In this position, Cely was responsible with the plant operations, quality assurance, and development of new products for the Japanese & domestic markets. In 1997, Cely joined Tree Top – Selah Plant as Technical Support Manager utilizing her technical expertise supporting eight packaging lines and fruit processing departments. In 2006, Cely joined Darigold Sunnyside Plant and served as Quality Control Manager for over three years before joining FruitSmart®.

Welcome to the Team, Cely!

“When you're finished changing, you're finished.”
