

Nutritionally Significant Ingredients, Formulations and Blends

FruitSmart® is ideally positioned to service the nutraceutical beverage industry with our location, experience and vertical integration. We can provide turn-key solutions from formulation to sourcing and blending.

Our talented R&D staff can match your existing product, or create new products. We work with many exotic ingredients and can supply the solution you need for your market.

FruitSmart's® blending facility includes tanks ranging in size from 100 gallons to 8,000 gallons allowing us to handle projects of any size. We are located in the heart of the Washington fruit industry allowing for simple logistics to the primary nutraceutical markets.

Our blending facility and employee expertise can provide you with blending and packaging services for your specific application. From simple fruit concentrate/puree blends to complex flavor systems with many dry ingredients, we can handle it. Let FruitSmart's® operational expertise work for your company.
